

2018 Financial Year in Review

We have witnessed another year of remarkable growth within the ministries of River House Church. The provision of the Lord has been tremendous and we are now tasked with the role of stewarding what we have been given well in order to see the fulfillment of the vision the Lord has entrusted to our community.

Below you will see the allocation of funds during the 2018 financial year. You will notice that our income has grown significantly (in fact it has more than doubled from last year) and we were able to save a large sum of money because of this. The tension we are navigating as we have grown financially is between investing in current and future staff members (and consequently their respective ministries) to help expand the mission of the church, while also growing our savings account to put us into position to purchase a plot of land and/or a building to serve as our permanent home.

By God's grace we were able to do accomplish both these objectives in 2018 and feel as though we are making progress, financially speaking, in securing a physical home for River House. We will be in a great position to make a move once a prime opportunity presents itself.

In the meantime, we will continue to navigate the course in front of us- seeking to accomplish the mission at hand while laying a foundation for the decades to come. Thank you for your belief and partnership with this vision, we are in awe of what God is doing in our midst!

If you have any questions in regards to the stewardship of finances within River House please reach to us via info@riverhouseministries.com and we will be happy to field any inquiries. We have a commitment to 100% financial transparency and are willing to disclose any information you would like to see if you find these reports insufficient.

Abounding in hope,
Jordan Verner
Lead Pastor, River House Church
